

KAVIYA SANJAY K

B.Tech AI & Data Science Graduate — Full-Stack & AI Product Developer

✉ sanjayroyal585858@gmail.com — 📄 kaviya-sanjay — 🎧 sanjay123-Ad — 🌐 zolstudio.com

Summary

B.Tech student in Artificial Intelligence and Data Science and founder of a live AI-based Micro-SaaS product. Hands-on experience in full-stack development, AI integrations, secure payment systems, and production deployment.

Startup / Micro-SaaS Experience

Founder & Full-Stack Developer — ZOL AI Studio

2025 – Present

Live AI Micro-SaaS Product — zolstudio.com

- Built and launched a production-ready AI-based Micro-SaaS platform from scratch.
- Developed end-to-end system including frontend, backend, authentication, database, and APIs.
- Integrated secure payment gateway with subscription plans and user access control.
- Deployed and maintained the product with real users and live transactions.

Internship Experience

Machine Learning Intern — AUTOINTELLI

2025 – Present

- Worked on backend data handling, database administration, and internal tools.
- Designed logic for a scalable ad-serving system with ML integration scope.

Projects

AI Multi-Modal Chat Application

Next.js, TypeScript, OpenAI API

- Built a ChatGPT-like assistant supporting text, image, and code interactions.
- Implemented real-time messaging, model switching, and conversation history.

YouTube AI Thumbnail Generator

Next.js, Replicate API

- Developed an AI tool to generate YouTube thumbnails using prompts and images.
- Designed responsive UI with preview and generation workflow.

Facial Recognition Baby Monitoring System

Python, OpenCV

- Implemented facial expression recognition with sensor-based health monitoring.
- Integrated alerts and emergency notifications using cloud services.

Technical Skills

Languages: Java, C, JavaScript, Python

Web/Backend: React, Next.js, Node.js, Express, HTML, CSS, Tailwind CSS

Databases: Supabase, MongoDB, MySQL

AI / Generative AI: Prompt Engineering (LLMs), OpenAI API, Gemini API, Claude Code, OpenCV

Tools: Git, GitHub, VS Code, Cursor AI Editor, Vercel

Education

B.Tech in Artificial Intelligence & Data Science

2022 – 2026

Sri Sairam Institute of Technology

CGPA: 8.44 / 10.00

Research & Certifications

- Presented two papers at International Conferences (AI Traffic Systems, VR-Controlled Robot Arm).
- Published patent: *Enhanced AI-Powered Security System for Real-Time Face Recognition*.
- NPTEL: Python for Data Science, Design Thinking, Human Computer Interfaces.
